MISSION FUND STATEMENT OF COMMITTEE MEMBERS' RESPONSIBILITIES 31 DECEMBER 2006

.....

The Committee members have been entrusted by the members of the Fund to prepare financial statements which give a true and fair view of the state of affairs of the Fund at the end of each financial year and of the results of its operations and cash flows for that year. In preparing the financial statements, the Committee members confirm that they have:

- selected appropriate accounting policies and applied them consistently;
- made reasonable judgements and prudent estimates where appropriate;
- prepared the financial statements on the going concern basis unless it is inappropriate to presume that the Fund will continue its operations;
- drawn up the financial statements in accordance with International Financial Reporting Standards.

The Committee members are responsible for ensuring that the Fund keeps proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Fund. They are also responsible for safeguarding the assets of the Fund and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

REPORT OF THE AUDITORS TO THE MEMBERS OF THE MISSION FUND

We have audited the financial statements of the Mission Fund for the year ended 31 December 2006 set out on pages 4 to 13 As described in the statement of committee members' responsibilities on page 2, these financial statements are the responsibility of the Committee members. Our responsibility is to express an opinion, based on our audit, on these financial statements and to report our opinion to you.

We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Committee members, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion on the financial statements.

In our opinion the financial statements give a true and fair view of the Fund's affairs as at 31 December 2006 and of its surplus for the year.
