## MISSION FUND STATEMENT OF COMMITTEE MEMBERS' RESPONSIBILITIES 31 DECEMBER 2010

-----

The Committee members have been entrusted by the members of the Fund to prepare financial statements which give a true and fair view of the state of affairs of the Fund at the end of each financial year and of the results of its operations and cash flows for that year. In preparing the financial statements, the Committee members are responsible for:

- selecting appropriate accounting policies and applying them consistently from one accounting period to another;
- making reasonable judgements and prudent estimates where appropriate;

### REPORT OF THE AUDITORS TO THE SHAREHOLDERS OF THE MISSION FUND

We have audited the financial statements of the Mission Fund for the year ended 31 December 2010 set out on pages 4 to 14 which comprise the statement of affairs as at 31 December 2010, the income statement, statement of movement in funds and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

#### **Committee Members' Responsibility for the Financial Statements**

As described on page 2, the committee members are responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards as adopted by the European Union and the requirements of the agreement setting up the Fund. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error; selecting and applying appropriate accounting policies, and making accounting estimates that are reasonable in the circumstances.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

#### Opinion

In our opinion the financial statements give a true and fair view of the state of the Fund's affairs as at 31 December 2010 and of its performance and cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the European Union – except for International According Standard 16 regarding depreciation of property – and have been properly prepared in accordance with the Fund's statute.
